

TURNKEY LED LIGHTING SOLUTIONS

ILLUMINATING THE IDEAS THAT SAVE ENERGY AND REDUCE COSTS

The energy challenges that we face today need solutions beyond tomorrow. The aging HID technology in many communities is quickly becoming obsolete and more costly to replace. NextEra Infrastructure Solutions has the expertise to implement the upgrades you need to remotely monitor your LED lighting systems and give you an affordable, customized, and long-lasting answer to outdated fixtures.

Benefit from an Upgraded LED Lighting System with:

- No upfront capital
- A flat monthly fee payment structure
- No third-party financing
- A structured 10- or 15-year service contract, including maintenance
- Short implementation period - lighting systems are installed in months, not years
- Remote monitoring capabilities providing real-time troubleshooting and increased reliability of fixtures
- Customer savings up to 80% on energy costs by switching to LED compared to traditional lighting options¹
- Help minimize theft and other security issues with better lighting

NextEra Energy Solutions: A history of experience.

- One of the largest lighting networks in the US
- Providing light services for over 60 years
- 30 years of experience across the LED team
- Own and maintain over 700,000 lights
