

Enabling the Future of AI Inference at the Edge

Power, Land and Fiber - Faster

Speed to market means fewer days to dollars. NextEra Infrastructure Solutions integrates specialized power, siting, development and fiber expertise across its network to enable our customers to achieve a comprehensive, end-to-end solution. The result is reliable, on-schedule edge deployments backed by proven execution and deep infrastructure experience.

Your Outcomes

- 
Accelerated speed-to-market through turnkey infrastructure deployment
- 
Scalable, distributed edge-ready infrastructure across multiple markets
- 
Reliability around timelines and ongoing operations
- 
Future-proofed planning through joint development planning
- 
Optimized efficiency and long-term cost control

Core Competencies and Services

- » Parcel siting assistance
- » Strategic growth planning
- » High-speed, low-latency fiber networks built around HPC requirements
- » Coordination of utility-integrated, resilient power solutions

Differentiators

- » Utility-grade reliability backed by decades of infrastructure experience
- » Backed by one of the largest U.S. electric power companies with decades of experience
- » End-to-end infrastructure delivery from planning through deployment, with ongoing support services
- » Flexible commercial models helping to coordinate fiber, power, land and additional AI ecosystem services

Contact us to discover how NextEra Infrastructure Solutions accelerates deployment by facilitating fiber connectivity, resilient power infrastructure and turnkey delivery services.

NextEra Infrastructure Solutions is a workgroup of affiliates of NextEra Energy, including NextEra Energy Solutions, LLC, NextEra Lighting & Metering Solutions, LLC, NextCity Networks, LLC, Gexa Energy Solutions, LLC, and FPL Energy Services, Inc., that offers unregulated, commercial fiber, lighting, and smart meters solutions for developments, utilities, municipalities, and commercial businesses.
